

Dimension sheet — one letter per measurement, all in cm

BEDROOM — write each length in cm

BATHROOM — write each length in cm

dark circle = wall, corner to corner red circle = opening, CLEAR WIDTH
f and t run corner to corner STRAIGHT THROUGH the doorway in that wall.

NOT on the drawing, and still needed -- the ceiling, in TWO PARTS per spot:
m + n = bedroom spot 1 (floor-to-seat, then seat-to-ceiling)
o + p = bedroom spot 2, at least 1 m away y + z = bathroom

No diagonals: head_to_head reads them and does not use them.
ALL VALUES IN CENTIMETRES.
